CKASE2
Classic 2.0 cooktop extractor system

CKASE2AB
Classic 2.0 All Black cooktop extractor system set

General product information:

Product:	Cooktop extractor and central unit of the modular cooktop extractor system BORA Classic 2.0; complete extractor system from cooktop extractor to plinth (including silencer, fan and ducting); depending on whether an exhaust air or recirculation model is chosen, further components (e.g. odour filter, wall sleeve) complete the extractor; can be combined with different cooktops
Product highlights:	Central touch operating panel for controlling the cooktop extractor and cooktops, different colours on the operating panel to differentiate between the cooktop and cooktop extractor controls
Minimum installation dimensions: (1 extractor, 2 cooktops)	Kitchen unit with a min. width of 80 cm
Safety and warning information:	See operating and installation instructions
Energy efficiency class:	 (applies to the exhaust air model)

CKASE2 / CKASE2AB

Classic 2.0 cooktop extractor system set (...All Black)

Product description

- Intuitive, multi-coloured sControl+ operating panel

- 1 × Ecotube round seal ERD/1

Accessories

BORA Classic air inlet nozzle CKAED, BORA Classic All Black air inlet nozzle CKAEDAB, BORA Classic grease filter unit incl. grease filter tray CKAFFE, BORA Classic inlay frame CER

Product and planning information

- Central components for the entire BORA Classic 2.0 system (neither system nor individual components can be operated without a cooktop extractor)
- The system is operated using the operating panel on the cooktop extractor
- Suitable for use with all BORA Classic 2.0 cooktops
- Up to 2 cooktops can be connected to each cooktop extractor
- Suitable for use as a recirculation or exhaust system
- Customisable worktop height and depth
- Flush installation or surface mounting possible
- Air channelling possible to the right or left
- Suitable for use with all BORA universal fans
- Long or complex exhaust channels possible using an additional fan module
- Low installation height (100 mm) enables the fan to be positioned in the plinth area (ULS only)
- Control unit can be compactly positioned in the plinth area
- The appliance and control unit are connected via a CAT 5 communication cable
- The drawers/ shelves in the base unit must be removable (for maintenance/cleaning)
- Suitable for use with all BORA sockets
